We are available at sales@weweld.com or by phone at 281-252-0151.

Sincerely,

Precision Welding and Fabrication

One Location, Three Facilities

The first facility is a clean room dedicated to the fabrication of stainless steel and other reactive metal. The other two facilities are for fabrication of process piping, structural, and miscellaneous steel. We fabricate to ASME, API, and AWS fabrication standards.

Since 1990, Precision Welding & Fabrication has specialized as a full-service fabrication company. Our company has unmatched experience in fabrication of complex fabrication projects. Precision Welding & Fabrication has completed thousands of projects worldwide. Our company's reputation is built on integrity, quality, and reliability.

We would like to take this opportunity to thank our clients, for their continued support as we begin our 19th year. Clients are the driving force behind any successful business. Precision Welding and Fabrication is honored to serve our diverse client base. On time delivery, budget pricing, and attention to the detail of our Quality Assurance Program ensure our clients can "Expect the Exceptional". Nineteen years in one location, and our steady growth, gives our clients the surety of knowing if you don't need us today, we will still be here tomorrow. Call us to today, let us quote your project.

Testimonials

Here is what some of our Clients have to say about Precision Welding and Fabrication:

"Overall good, honest people"

"Thank you...It has been a pleasure working with you and I hope we get to work together on another project"

"I very much appreciate your thoughtfulness and the attention you have given this small project. It has been and continues to be a pleasure to deal with you. I look forward to working with you in the future on even larger projects"

"This letter is to thank you for your help in getting our hastalloy plate rolled for an emergency repair to one of our vessels. The failure happened on January 5th. With your help we had the material on January 6th. We appreciate your help in getting this done. Your contribution greatly expedited our completion"

"The welding of the pressure containing piping for this project was completed with a repair percentage ratio of 0.8% (8/10ths of 1%) out of 270 welds. Total weld Length = 2246 inches.."
